5th International Congress on Medicinal and Aromatic Plants CIPAM 2014

**ZARZIS : 17-20 March 2014
TUNISIA**

1st Circular and call for Paper

Objectives

After the success of the four CIPAM meetings which took place in different countries (Morocco, Italy, Algeria) and before the sixth one to be hold in Portugal in 2016, the fifth CIPAM will take place in Tunisia in 2014. Like the other editions, the CIPAM 2014 is a scientific meeting which covers all shares of the research and development of medicinal and aromatic plants. The Congress of a multidisciplinary nature is addressed to researchers, industrialists, producers and herbalists.

The objectives of CIPAM are :

- Provide an international platform for the exchange and dissemination of recent scientific work on the MAP.
- Provide many opportunities for participants to share their experience and develop contacts and partnerships to build common strategies in relation to MAP.
- Encourage the cultivation, production, processing and storage of MAP.
- To demonstrate the medicinal, environmental and socio-economic importance of PAM on regional, national, as well as on international level.

Topics

The CIPAM 2014 Will cover various topics that have a direct relationship with the Medicinal and Aromatic Plants and are developing :

- Recovery and Transformation,
- Extraction methods,
- Chemistry and quality control of MAP and their products,
- Biological activity and toxicity,
- Ethnobotany, culture and conservation...
